HIGHLAND

HOME OF THE SCOTTIES

From the desk of the Superintendent...

It is hard to believe that the 2022-2023 school year has come to an end. I continue to be impressed with the amount of community and parental support for the Highland School District. It is evident that the priority of the community and staff is to provide a quality education for our students. As we continue to work together, we have the potential to enhance an already excellent educational environment for our students.

The start of the 2023-2024 school year will bring new building revisions. MWC will serve students PK-2nd grade. TIS will be renamed to Tieton Elementary School (TES) and will serve grades 3-5. Highland Junior High will become Highland Middle School (HMS) and will serve grades 6-8. Highland High School will remain HHS, serving grades 9-12.

The initial project per the recent 6 year levy that was passed by the voters has started as M Sevigny Construction was awarded the bid. We have decided to run this initial project in 2 phases. Phase 1 started the week of June 19 with demo work in the old art room to create a commons/food service areas for 6th-8th grades which will accommodate bringing the 6th grade over from TIS to create Highland Middle School (HMS). Phase 1 will be the remodel for the HMS commons only, with a timeline of substantial completion by August 11, in time for school to start next fall. Phase 2 will start April of 2024. Phase 2 will be the HMS roof and HVAC upgrades/units for both HMS and HHS. This phase-in approach will allow us to fund the commons as needed to meet budget as well as accrue the allotment in April to include the phase 2 items so as not to extend the budget as monies come in per the capital project yearly allocations as voted on by the local taxpayers. Next fall the Board of Directors will start the process to establish project priorities for the remainder of the 6-year levy.

We say goodbye and thank you to staff members who have retired from HSD. Sharon Hill, Shelly Peterson, Lana Koenes, and Kristi Gunderson have decided to move on to a new phase in their lives. We greatly appreciate the dedication and commitment that they each had to the many students they positively impacted during their career at Highland. We wish them the best as they move on to new and exciting adventures.

If I can be of assistance, please do not hesitate to contact my office. Have an enjoyable and relaxing summer!

Employees of the Year

As Superintendent, it is truly an honor to announce that our District has selected Gary Packard as Teacher of the Year, Jennifer Reed as Classified Employee of the year and Brian Johnson as Business & Operations Employee of the year for the 2022-2023 school year. Below are the nomination recommendations from their administrators.

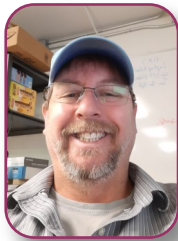

Congratulations Gary, Jen and Brian!

Nominated by Principal Don Strother: *Mr. Gary Packard has been a tremendous teammate at Highland Junior High for years. Mr. Packard is an asset to not only myself as the principal, but he is a resource for all staff and students. Mr. Packard's classrooms have an atmosphere that is positive and supportive. Students trust Mr. Packard and strive to meet his high classroom expectations. Students are willing to be vulnerable and take risks in his classroom because they know it is expected and they feel safe to do so.*

Nominated by MWC Principal Andrea Wickenhagen: *Jen goes above and beyond her duties as a paraprofessional to provide support for all students and staff at Marcus Whitman. Jen is a wonderful leader who leads by example. With so many new classified members this school year, Jen has taken it upon herself to support each new hire to the best of her abilities. She often volunteers extra time to assist others when needed. She is hard-working and dedicated to helping Marcus Whitman be the best place for our early learners!*

Nominated by Director of Business & Operations Francis Badu: *Highland has had technology challenges over the years but with Brian at the helm, we have effectively navigated these challenges. Prime example was during the Covid-19 pandemic when he worked tirelessly to ensure that all students had access to technology. He is an extremely effective manager, forward looking, methodical and with a strong sense of where the district goes. For this, we nominate Brian as Business and Operations employee of the year.*

Reminder from the School Nurse

Documentation of the Tdap vaccine or an exemption must be turned before your child can start 7th grade.

If we do not receive documentation prior to the start of school, by law, we must send you a Notice of Exclusion for Immunization Noncompliance. This will explain that your child cannot attend school until you provide the required immunization documentation, RCW 28A.210.120. Valid documentation includes medical records showing vaccination or a completed Certificate of Exemption (COE) form.

La documentación de la vacuna Tdap o una exención debe presentarse antes de que su hijo pueda comenzar el séptimo grado.

Si no recibimos la documentación antes de la fecha de vencimiento indicada anteriormente, por ley debemos enviarle un aviso de exclusión por no cumplir con los requisitos de inmunización. Este aviso explicará que su hijo/a no puede asistir a la escuela / preescolar / cuidado de niños hasta que usted proporcione la documentación de vacunación requerida, de acuerdo al RCW (código revisado de Washington) 28A.210.120. Una documentación válida incluye registros médicos que muestran que su hijo/a ha sido vacunado/a, evidencia de inmunidad a la enfermedad en cuestión o un Certificado de Exención (COE, por sus siglas en inglés) completo.

Sheriff Brian Winter School Safety Awards

We have a tradition in the SSOCC (School Safety Operations & Coordination Center at ESD 105) : Recognizing heroes.

Safety and security can be a challenging and thankless task. We don't think it should be, and neither did **Sheriff Brian Winter**. That's why, with his help, we started the **Sheriff Brian Winter School Safety Award** in 2019. As most of you know, Brian was instrumental in establishing the SSOCC. Even though he is no longer with us, his professionalism, courage, inspiration, and wisdom are still felt in everything we do. He was our first hero. Today, we recognize three more. There are four criteria for this award: **progress, attitude, consistency, and safety mindset**. Brian exemplified all of them, as do this year's winners. Please join us in celebrating their tremendous accomplishments

****Note:** due to unavoidable circumstances, these are *last year's* winners. We'll be back on track this fall to award the current 2022-23 winners.

-- Don Strother

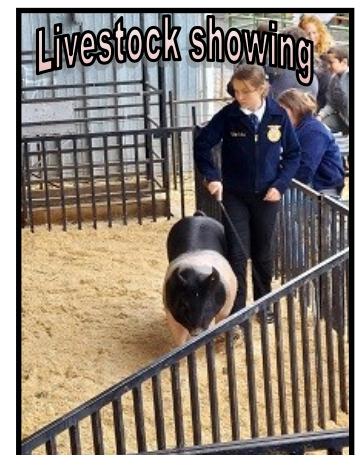

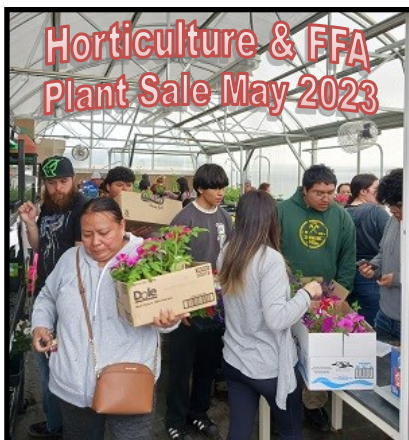

Don has a heart of gold. He is a selfless, genuinely caring person, who is full of love for his school, his students, his community, and his family. Not to mention, he is not afraid to brighten your day with a dad joke or two!

Don has gone above and beyond for his school. He personifies the true essence of a Protector with his attitude of loving sacrifice. Not only has Don kept his school safe, improved and innovated school safety for his staff, students, and their parents, held constant safety meetings and trainings, coordinated safety drills, and completed safety plans, but he has done it all while battling cancer (he even took monthly progress calls while on the drive back from treatment!).

H.A.L.E New for Highland

Beginning in the Fall of 2023, we will be introducing the innovative Highland Alternative Learning Experience (H.A.L.E.), a groundbreaking educational opportunity for HSD students. This program is designed for K-12 students and offers a flexible online learning environment powered by Imagine Learning (formerly Edgenuity), ensuring a comprehensive curriculum and a pathway to earning a high school diploma. H.A.L.E students can now embark on a personalized educational journey that fits their unique needs and circumstances. Whether it's the desire for a more flexible schedule, a preference for self-paced learning, or the need to explore individual interests, this program opens doors for students seeking an alternative approach to traditional schooling. With guidance from the H.A.L.E. Coordinator, students may select from a diverse range of subjects, including core subjects such as math, science, language arts, and social studies, as well as a selection of electives to broaden their horizons.

Utilizing the power of Imagine Learning's advanced online platform, students benefit from engaging and interactive coursework. This technology-driven approach combines multimedia resources, virtual labs, and interactive simulations, creating an immersive learning experience that fosters critical thinking, collaboration, and problem-solving skills. Moreover, the Highland Alternative Learning Experience empowers students to take charge of their own education while receiving guidance and support from highly qualified educators. Through Imagine Learning, a team of dedicated instructors is available to provide personalized assistance, monitor progress, and offer valuable feedback, ensuring that students remain on track and achieve their academic goals.

TIS

The 21st Century program (Tartan Club) at Tieton Intermediate School continues to strive to make our students all that they can be through various activities offered after school. This year has ended, and my staff and I would like to thank the students and parents who participated in our program. During our time in Tartan Club students got to learn about gravity and Newton's laws of motion by demonstrating this through our egg drop challenge. The students also were able to be NASA scientists by figuring out how they get their 2-liter bottle (shuttle) into space by finding the right air to fuel (water) mixture. Students also read about Viva Frida, Yayoi Kusama-artists who have disability that have learned to adapt or overcome with the use of art. Lastly, the Tartan Club students made some good no bake recipes that they can share with their family and friends. The Tartan Club staff looks forward to the next school year and bringing out the full potential of our students.
